

Virtual Annual Conference of Dermatopathology Society of India

15th and 16th January 2021

**Organized by -
Department of General Pathology
Christian Medical College and Hospital
Vellore, India**

Invitation

The Department of General Pathology at the Christian Medical College and Hospital, Vellore welcomes you to the first virtual Annual Conference of the Dermatopathology Society of India on 15th and 16th January 2021. In the backdrop of Covid-19 and the resultant social distancing, the entire conference will be conducted on an online platform and can be viewed from the comfort of your own house/workplace, without having the need to travel!

The conference features talks by several accomplished and internationally world-renowned speakers, covering a wide spectrum of practically relevant as well as rarer topics in non-neoplastic and neoplastic dermatopathology.

This forum will surely kindle the interest of post-graduate trainees and serve as an initiation into the dynamic and exiting field of dermatopathology. Practicing dermatopathologists and dermatologists can hone their diagnostic acumen further as they bask in the words of experience and wisdom offered by experts in the field. Live interactive Q and A sessions with the speakers are also planned.

Some other highlights include online poster presentation and digital slide sessions which will be subsequently discussed by the experts.

We look forward to your whole-hearted support, co-operation and active participation. CME credit hours and E-certificates will be provided to all the delegates.
